4.17 **AFFIRMATIVE ACTION REGULATIONS:** in addition to any regulations pertaining to affirmative action contained above, the following regulations shall also be imposed as required by the New Jersey Department of the Treasury – See Section 12.0

5.0 MISSED COLLECTIONS – LIQUIDATED DAMAGES, COLLECTION BY BOROUGH

5.1 All bidders hereunder agree that the Borough, in contracting for the services herein provided for, intends to serve the convenience of its residents and to protect the public health of the Borough by establishing a specified method of collection at all locations on designated days.

Accordingly, it is further agreed that the failure of the contractor to make collections at the time specified, notwithstanding later collection, will constitute a failure on the part of the contractor to provide the services intended by the contract to the inconvenience of the residents of the Borough and to the danger of public health and safety. All bidders are hereby advised by the Borough that under past contracts missed collections have resulted in:

- (a) Complaints from residents and taxpayers requiring the extra services of Borough Officials and the use of Municipal services and vehicles in the examination and processing of such complaints.
- (b) Hazard to health by the overnight presence RECYCLABLES at curbside.
- (c) Diminution of the cleanliness and aesthetics of the Borough.
- (d) Subjecting of containers to loss, spillage and breakage.
- (e) Additional costs to citizens for additional containers
- (f) Most importantly, in the unredeemable deprivation of residents of a service and convenience contracted for on their behalf, namely the regular pickup of waste on designated days.

Bidders, by the submission of their bids, acknowledge that the missing of collections during the period of this contract would result in similar injury to the Borough. All bidders and the Borough agree that the measurement of damages resulting to the Borough by reason of the failure of the contractor to make pickup of RECYCLABLES at the required times is incalculable or very difficult to accurately estimate and, for that reason and for the purpose of establishing a fair and reasonable forecast on just compensation for the harm to the Borough from such a breach by the contractor, said bidders do by the submission of their bids agree to pay to the Borough as liquidated damages for such breach, and for that purpose only and not by way of penalty, the sum of \$1.00 for each and every failure or neglect to make the required collection at a place to be served, as herein defined, where the RECYCLABLES has been properly placed for removal prior to the passing of the collector, by 4:00 p.m., on any designated pickup day as set forth by the Borough. The provisions of this paragraph may be waived by the Borough. All items for collection must be placed at the curb prior to 7:00 a.m. of the day of collection.

5.2 In the event of neglect or failure of the contractor to remove RECYCLABLES from any premises in the Borough on the day fixed for such collections, where the same shall have been properly placed for removal prior to the passing of the collector, the Borough shall be entitled to contract for the services of outside contractors to make such pick-ups and to charge the contractor for the cost thereof, also by deduction from the next ensuing payment to the contractor. It is understood and agreed that, upon the failure of the contractor to make a pick-up as required on the day designated, the Borough must be prepared to serve the public interest by expeditiously contracting for the performance of such services by outside contractors. Accordingly, it is agreed that in any instance where there will be such failure and the contractor has not notified the Borough by 4 p.m. of the day of such failure, or their having so notified the Borough through its agents, the Borough shall be entitled at its sole discretion to contract for such pick-up by outside contractors and to charge the contractor for the expenses incurred in so contracting, which charge shall not be subject to defense on the part of the contractor, that the contracting for such outside services are premature or unnecessary.

6.0 DEFAULT

6.1 In the event the contractor shall consistently fail to perform the work in accordance with these specifications or if the contractor shall consistently perform the work in an unsatisfactory manner after written notice from the Borough has been given, then and in either of said events, the Council may declare the contractor in default of their contract and whereupon the Borough may proceed either to perform the work itself, or it may contract with some other contractor for the performance of the balance of the contract term, and in either case the Borough shall have the right to charge the cost and expense thereof against any and all sums to which the contractor would be entitled under the term of its contract hereunder. Nothing contained herein shall in any way relieve the contractor and its surety from full responsibility in accordance with the terms of its bond for any and all costs incurred by the Borough in completing the contractor's obligations under the terms of its contract hereunder.

6.2 The contractor further agrees that in the event of any default in the performance of the work required hereunder, to reimburse the said Borough for all costs, expenses and damages which the said Borough may incur in completing the work in accordance with the contract let under these specifications.

6.3 It is further understood and agreed that should the contractor be declared insolvent, bankrupt, or make an assignment for the benefit of creditors at any time during the performance of the contract, either by virtue of any State or Federal Laws, that such adjudication or assignment shall in nowise terminate the liability of the contractor under their contract insofar as the liability of the surety company under its bond is concerned; the said surety company shall continue to be liable to the Borough under the bond furnished as though said contractor had not been so adjudicated insolvent, bankrupt or had not made an assignment for benefit of creditors and such adjudication of insolvency or bankruptcy may be construed by the Borough as a default by the contractor.

6.4 It shall be a default under this contract for the contractor to assign or sublet or transfer this contract or any interest hereunder without the written consent of the Council, nor shall he subcontract any portion of the work to be performed hereunder without the written consent of the Council.

7.0 DISPOSAL COSTS, STATE LAWS ENACTED AND STATE TAXES

7.1 The successful bidder shall collect and dispose of all RECYCLABLES collected from within the Borough limits in accordance with the Bergen County Solid Waste Management Plan; the Hackensack Meadowlands Development Commission; and the New Jersey Department of Environmental Protection; and the Disposal Orders issued by the Borough of the Public Utilities and all applicable amendments.

7.2 The collector shall co-operate with the Borough Recycling Coordinator in order to comply with the above.

7.3 The collector shall be responsible for Disposal/Sale of all recyclables and will assume any costs or profits associated with said disposal or sale.

7.4 The Borough waives the right to be reimbursed for any legislative “pass throughs” that might be enacted by the N.J. State legislative bodies and by any other executive, legislative, judicial, administrative, federal, state, county or local governmental authority having jurisdiction.

8.0 INSURANCE REQUIREMENTS

8.1 The contractor who is the successful bidder shall be required to procure and deliver to the Borough Clerk within ten (10) days of the awarding of the contract, Automobile Liability Insurance, a standard Worker’s Compensation and Employer’s Liability insurance policy and a Broad Form Comprehensive General Liability insurance policy, written by a company or companies licensed to do business in the State of New Jersey which said policy or policies are to be in the following amounts and to be kept in force at all times during the terms of the contract:

- B. Standard Worker’s Compensation insurance indemnifying the contractor against any loss arising from liability or injuries sustained by any and all agents, servants, or employees of the contractor who shall be entitled to compensation under worker’s compensation law.
- C. Comprehensive Broad Form General Liability insurance providing minimum bodily injury and Property Damage Liability limits of \$1,000,000 per occurrence Combined Single Limit.

8.2 Each policy shall include the additional interest of the Borough and shall indemnify and save harmless the said Borough, its Council (in their official and individual capacities) and all employees of the Borough from and against all liability arising from injury to person or property occasioned wholly or in part by any act or omission or commission on the part of the contractor, their agents, servants or employees, including any and all expense, legal or otherwise incurred by the Borough, its Council and employees in defense of any claim or suit. The Borough is to be furnished a certificate of insurance covering each policy, which certificate would contain a provision that in the event of cancellation, the Borough is to receive notice of such cancellation thirty (30) days in advance of such cancellation. Notice shall be in writing.

8.3 Social Security, unemployment taxes and other taxes are to be paid by the contractor as required by State and Federal Law.

8.4 The Borough, its servants, agents, or employees or any subdivision thereof shall be named as additionally insured on any insurance certificate(s).

9.0 PERFORMANCE BOND

9.1 A Performance Bond shall be posted in an amount and in the form to be designated and approved by the Borough Attorney.

10.0 BID DEPOSIT

10.1 Each bidder shall accompany their proposal form with a bid bond, certified check or bank cashier’s check made payable to the Borough of Elmwood Park in the amount of ten percent of the total bid not to exceed \$20,000.00 All such deposit checks shall be held by the Council under the conditions stated herein.

10.2 The bid deposits of all except the three apparent lowest responsible bidders shall be returned within ten (10) days after the opening of the bids, Saturdays, Sundays and Holidays excepted. The bid deposit of the successful bidder will be returned after the contract has been awarded and fully executed.

Cash or negotiable securities will not be accepted in lieu of the above forms and the bidder agrees that this bid deposit is to be forfeited as liquidated damages and not as a penalty, if he fails to fulfill their obligations or to provide necessary documents necessary to execute the written contract, or if he fails to sign the necessary written contract.
