

**Paving Notification
PSE&G Gas System Upgrade Project**

Dear Valued Customer:

PSE&G has completed the gas main upgrades in your neighborhood. Now that the ground has settled, we will restore roads with permanent paving. We will be milling and paving the roads listed at the bottom of this notice.

For more information on this work in your town, as well as a video about the upgrade project, visit pseg.com/gaswork.

The milling and paving activities will occur during daytime hours between 7:00 a.m. and 6:00 p.m. Work is scheduled to start in the upcoming weeks, weather permitting. **Please abide by all emergency “No Parking” signs, as they will be posted 24 hours before work is scheduled to begin on each street.**

Our goal is to complete this work with minimal impact to your neighborhood. Police will be directing traffic, and residents will be able to drive on the roads during non-paving hours.

If you have questions, please call 973-365-5327.

We appreciate your patience and cooperation as we work to restore your streets.

Sincerely,

PSE&G Gas Construction Team
