

# CENSUS 2020

## HAVE YOU AND YOUR FAMILY BEEN COUNTED?

**YES** →

Thank you! You have done your part to make sure Elmwood Park gets the maximum possible federal funding for our schools and infrastructure!

The more federal funds the school district and town receives, the lower the need to rely on local property taxes to deliver services!

## Why Not??

**NO** →

An accurate population count for Elmwood Park will maximize federal funding for our schools and town. It will ensure we get properly represented after Congressional and State Legislative Redistriction

# Dear Elmwood Park Resident,

We hope this mailer finds you well during this difficult period in our lives. Every 10 years, the federal government recounts the entire population of the United States in what is known as the Census.

The 2020 Census is under away, and we are proud that as of this writing, over 53% of Elmwood Park households have responded to the census. We send this letter to ask that those residents who have not, to please fill out their Census based on the directions on the back.

## Why?

The federal government bases some parts of federal funding on the population of a community. If we are accurately counted, we can maximize how much funding our schools and town receives. The more money the federal government gives, the less we need to look to local property taxes to fund services and improve the Borough.

***Please be sure to fill out your 2020 Census and be counted!***
