

PUBLIC NOTICE
BOROUGH OF ELMWOOD PARK
WATER DEPARTMENT

ATTENTION: Residents of Elmwood Park

Please be advised that the Borough of Elmwood Park Water Department will begin a hydrant - flushing program on May 05, 2025. This program is part of an ongoing maintenance program to insure the delivery of the highest quality water. This work will be performed during regular working hours of 9:00 a.m. to 3:30 p.m. Monday through Friday.

The flushing program will last for a period of approximately 12 days according to the attached schedule. Your water service will not be interrupted. During these times residents may experience some discoloration of their water. This is expected and a normal occurrence when existing water mains are disturbed. If you experience this, caution should be used in washing white clothes; however, the discoloration poses no health hazard and the water is safe for consumption. Just allow the water to run from your cold water tap until it clears. If you have any questions regarding this program, call (201) 796-1457 ext. 3000 during normal working hours. The Borough apologizes for any inconvenience during this time and requests your cooperation. You may experience discolored water during any of the 12 flushing days/and or all of the 12 flushing days. This list acts as a guide where you might be directly affected.
